Join Friends of the Detroit River at its Annual Meeting

RAISING MONARCHS WITH RICH LUND

Friday, October 11

6pm Cash Bar | 6:30pm Dinner | 7pm Program

Portofino Restaurant in Wyandotte

Dinner is \$40/person

RSVP by calling (734) 288-3889 or emailing river@detroitriver.org

With their kaleidoscope patterns and delicate wings, butterflies appear fragile, but they're one of the most resilient insects. Each fall, monarch butterflies from the U.S. and Canada begin a 2,000 mile migration to Mexico and return in the spring to lay eggs and begin the cycle anew. Join Friends of the Detroit River (FDR) and its keynote speaker, Rich Lund, for information about monarch butterflies, an update of FDR's accomplishments, and a special award to honor the memory of Peter Benz.
